

GOT LUNCH NEWINGTON

GOT LUNCH NEWINGTON is a collaboration of community partners coming together to provide healthy food to the children of Newington during the summer months. The United Church of Christ Congregational in Newington has agreed to be the staging area for the program. A week's worth of healthy lunch groceries will be packed and delivered to your home each Sunday in the early afternoon.

This program is sponsored by Newington's Department of Human Services and the United Church of Christ Congregational in Newington. Working together to support this beneficial program are various religious institutions, local businesses and non-profit organizations, and individuals throughout Newington and surrounding communities. This year the program will run from June 18 until August 20.

REGISTER online at gotlunch.org or mail this completed form to:
Church of Christ Congregational, 1075 Main Street, Newington, CT 06111
